

Hunt Global Resources Signs Five Year Contract with S.R.I Impex Pvt. LTD of Mumbai, India

Press Release Source: Hunt Global Resources Inc. on July 12, 2011

HOUSTON—(BUSINESS WIRE)— Hunt Global Resources Inc. (OTCBB:HGCO) today announced it signed a five year contract with S.R.I Impex Pvt. LTD of Mumbai, India to buy 75% of the production of its Carbon Green (CG6) product from Hunts Carbon Green production facility, in the Nation of Cyprus. Carbon Green (CG6) is a made from recycled tires and is a direct substitute for the limited industry supply of carbon black (N660).

George Sharp, CEO of Hunt Global commented "This is Hunts first major move into India to provide our environmentally friendly replacement for oil based carbon black. Joint product testing with S.R.I served to further substantiate the proven value of our Carbon Green product, as a sustainable replacement to carbon black. We are excited about our new partnership with S.R.I and plan to increase our supply to them as we expand our production facilities, in the next year."

About Hunt Global Resources, Inc.:

Hunt Global Resources, Inc. (OTCBB: HGCO) is a natural resource & recycling company, focusing on specialty sands called "frac" sand, which is an essential component in the production of oil and gas. The Company's current holdings include the mining rights to 350-acres in Conroe Texas, containing high-grade sand deposits and approximately 21-million tons, of high value frac-sand. Hunt also entered into an agreement that will allow the Company to acquire the mining rights to additional 400-acres of land containing an estimated 100-million tons of Northern White frac-sand, which is considered the premier sand in the industry. The Company's holdings include a state-of-the-art 40-million gallon industrial biofuels manufacturing plant located near the Houston ship channel. Hunt intends to utilize the plant's excess resources and capacity to support a frac-sand resin coating operation to further increase the value of its frac-sand holdings. Hunt also acquired Carbon Green NA, which is the only patented tire recycling process that recycles 100% of the components of scrap tires with a zero carbon footprint. Hunt has license agreements to distribute the technology in Europe, China and South America. Hunt plans to build up to 10-plants in North America.
